

# Authorship Identification

## Model Selection

Use Sentence Classification (Model 1) ☐ Use Sentence-Pair Classification (Model 2) ☐ Use Both Models ☒

## Known Author Documents

candidate00001.txt  
candidate00003.txt  
candidate00007.txt  
candidate00008.txt  
candidate00004.txt  
candidate00002.txt  
candidate00005.txt  
candidate00006.txt  
candidate00009.txt

## Unknown Author Documents

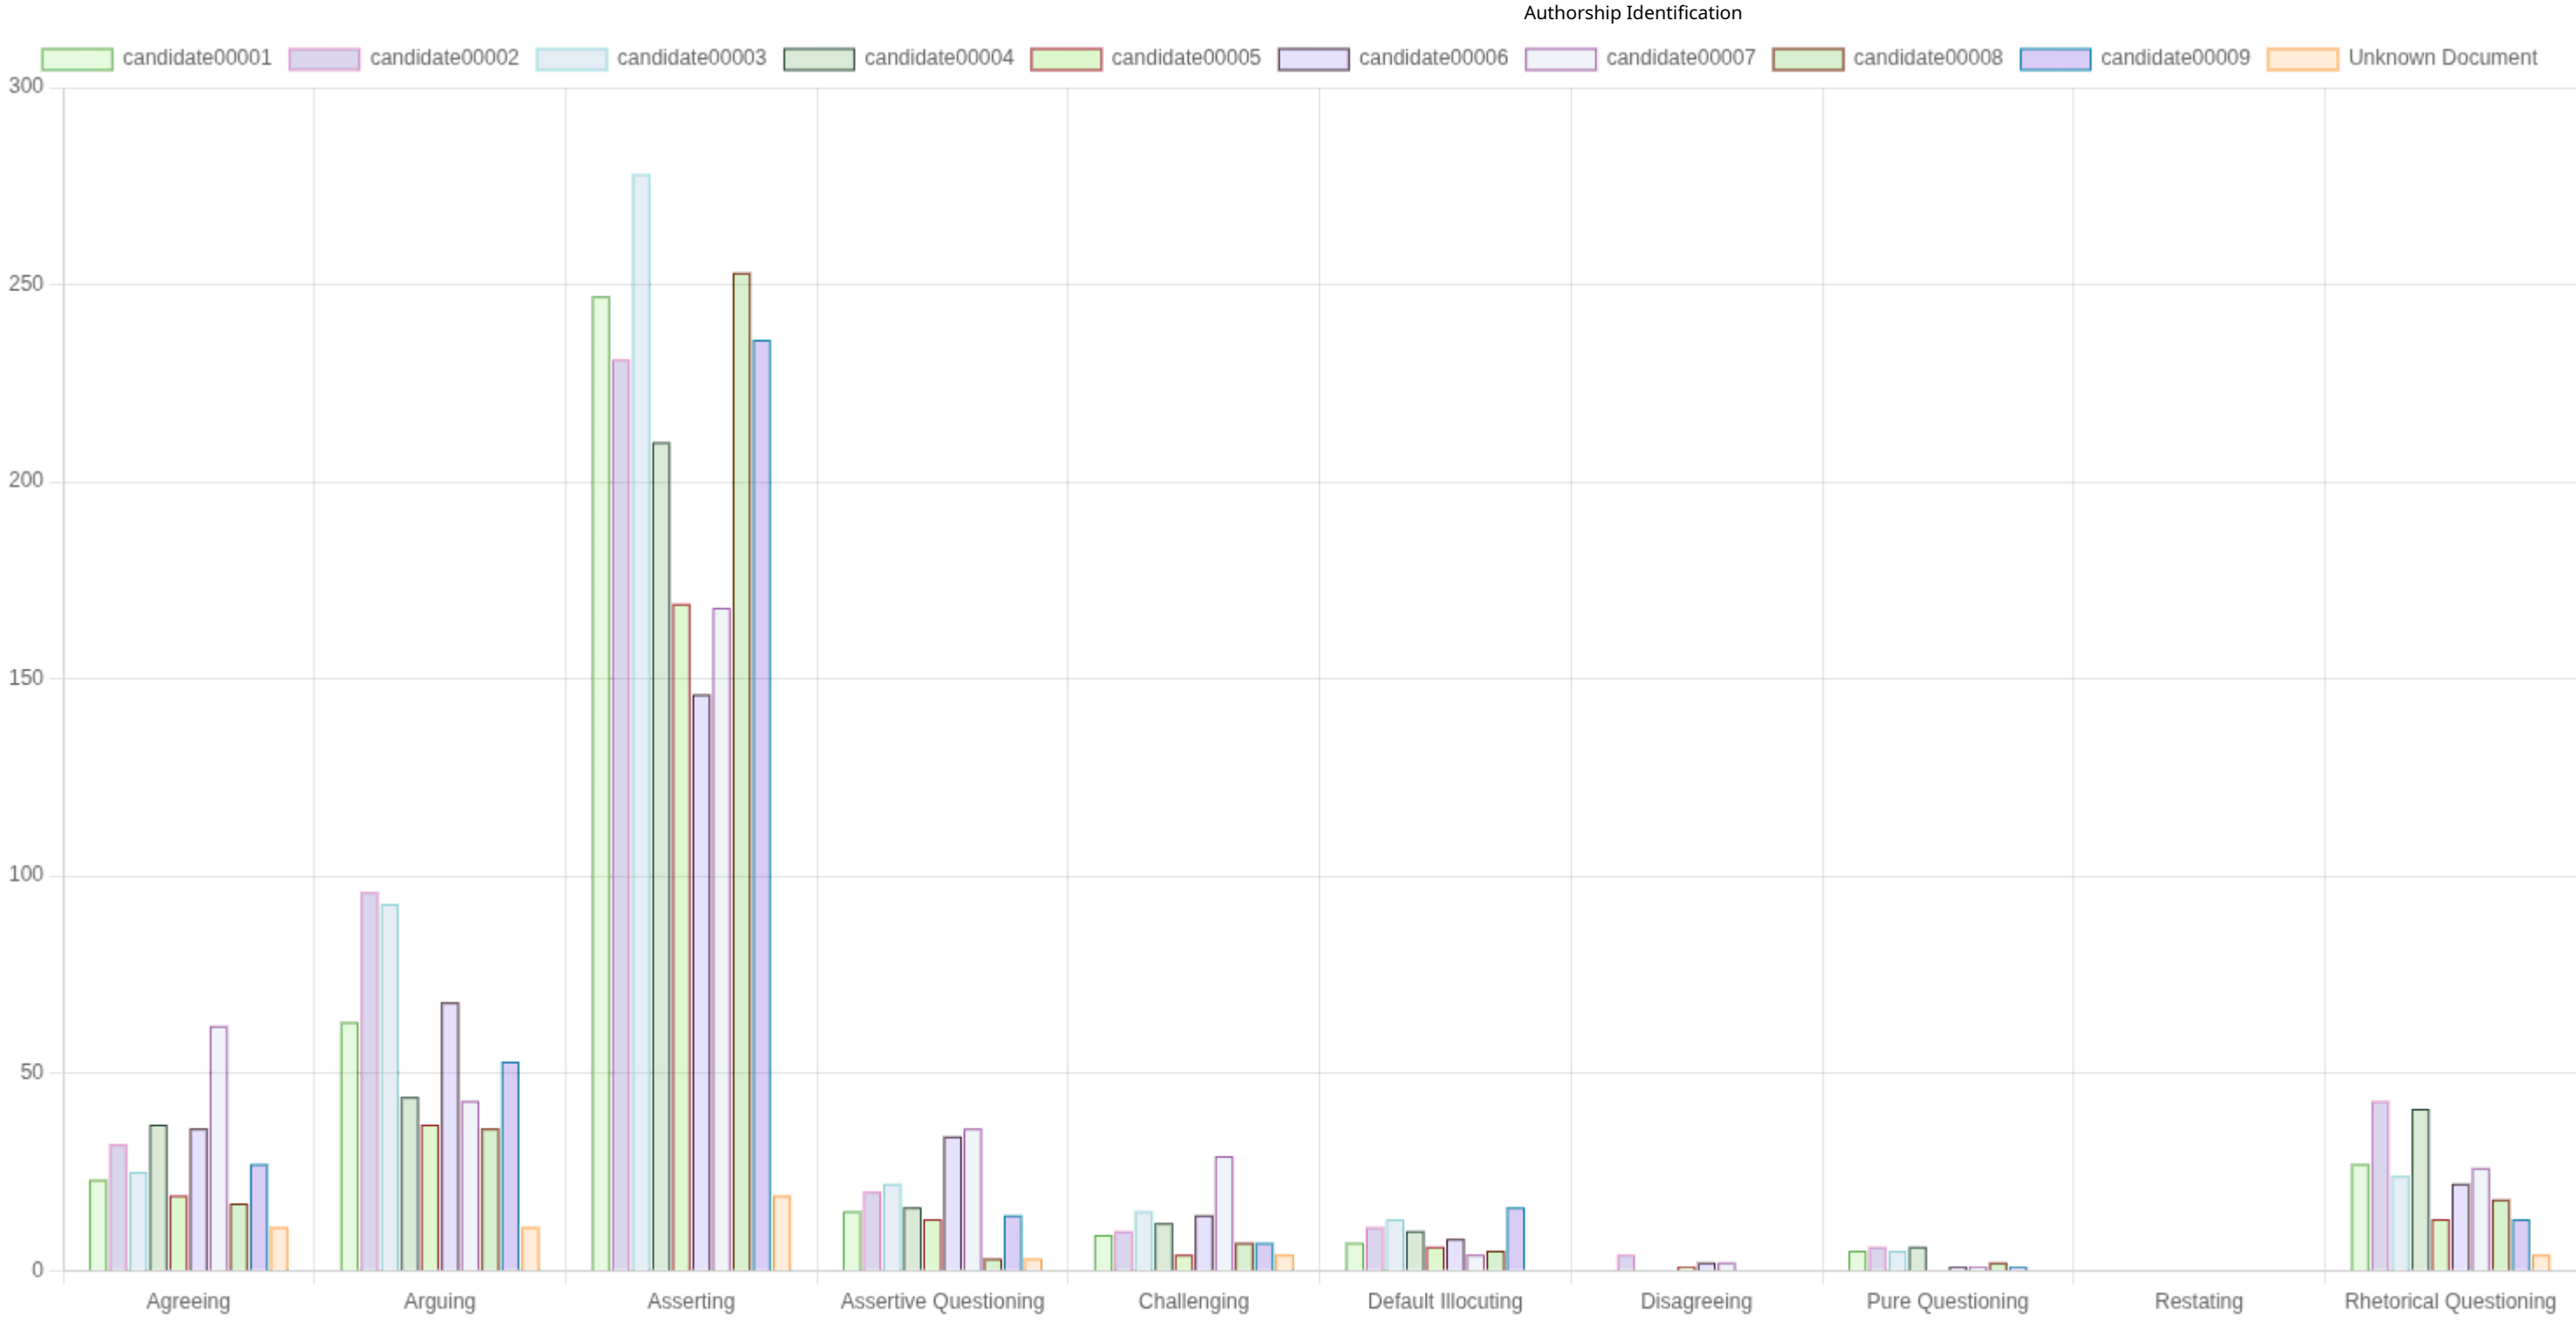

unknown00006.txt   Identify Author  
unknown00016.txt   Identify Author  
unknown00012.txt   Identify Author  
unknown00003.txt   Identify Author  
unknown00015.txt   Identify Author  
unknown00011.txt   Identify Author  
unknown00001.txt   Identify Author  
unknown00005.txt   Identify Author  
unknown00017.txt   Identify Author  
unknown00007.txt   Identify Author  
unknown00004.txt   Identify Author  
unknown00002.txt   Identify Author  
unknown00020.txt   Identify Author  
unknown00014.txt   Identify Author  
unknown00009.txt   Identify Author  
unknown00008.txt   Identify Author  
unknown00018.txt   Identify Author  
unknown00013.txt   Identify Author  
unknown00010.txt   Identify Author  
unknown00019.txt   Identify Author

## Result

The author of unknown00001.txt is: candidate00007
